

## CP Serve Day Script: Faerl Torres

### Original (about 1:20)

The church is still the hope of the world and the world starts on the other side of our doors. Copper Pointe understands that meeting the needs of the world begins with our community right outside these four walls.

It's not just what the church is supposed to do, it's what the church is called to do, what the church, Copper Pointe Church, is built on. The foundation of Copper Pointe has always been, and continues to be, serving Albuquerque and exemplifying God's love to everyone in our community, whether they fill a seat each weekend or never step foot through our doors.

When the church leads the community by serving the poor, the homeless, the marginalized and needy, the world is able to see the light of Christ and the love He has for every single one of His children.

You, the people of Copper Pointe, don't show up to church to see what you can get; we gather to serve and to be mobilized to affect our city for the Kingdom of God. God said to not only be a hearer of the Word, but a doer of the Word. To be an activator of the Word is an experience like no other and we invite you to join us as we activate God's word in the community through CP Serve Day.

In serving the needs of others and being a light in our community we are changing our neighbors' lives and our own. Love is a word requiring action and we choose to act on it by caring for each other. No matter what our race, sex, education, or socio-economic backgrounds may be, we believe that's the world Jesus prayed for and we want to be part of the demonstration of that world, starting in our own backyards.
